Hey Guys,

I have a shop in NYC where one of you dropped off two CDs for me to stock (well, 1 for me and 1 for the store). I gotta tell you that I love this CD and would really love to push it more if I had more copies of it. I sold the one copy to a customer who heard it while I was listening to it. I don't know how you would like to do this, but if you could send us 5 CDs or even 10 without cases to save you on the postage I will put them in a good spot for all to see and hear. Haven't heard music this passionate since I can't remember when. The guy who bought your CD loved it as well. I'm a big fan of Fairport, Nick Drake, Martin Carthy et.al. and would use this angle to help sell it. If you have any press that would help us sell it please send it along. Here's where you can send the CDs:

Subterranean records
5 Cornelia Street
New York, NY 10014
USA

We can either send you the \$ after they sell or you can always hold the money here until one of you comes to NYC. The choice is yours. First we need to have the CD in here.

Thanks,

Michael Carlucci
